
Safety data sheet 20/01/2006 Rev. 0001

1. Product and Society identification

Denomination: **AQUABOND**
Product type and use: Adhesive aid
Producer: Diasen s.r.l.
Z.ind.le Berbentina, 5
60041 Sassoferrato An – Italia
Emergency telephone number of the company and / or an authorized consultation:
Diasen s.r.l. Tel. 0732/9718

2. Ingredients composition/information

Dangerous substances for health under Directive 67/548/CEE and following adjustments or existent exposition restriction and classification:
none

3. Dangers identification

Based on the data at our disposal, the product is not classified as a hazardous substance or preparation according to the current criteria of the chemicals legislation.

4. Medical aid intervention

General advice: immediately remove all contaminated items.
Inhalation: in case of accidental inhalation of vapors, bring the patient to fresh air.
If discomfort persists, consult a doctor.
Skin contact: wash with water and soap.
Eyes contact: wash with abundant water for at last 10 minutes. See a doctor.
Ingestion: seek medical advice immediately and show the container or label.

5. Fire measure

Protection measures: the mixed product is not flammable.
Recommended fire extinguisher: CO2 and foam depending on the materials involved in fire.
Forbidden fire extinguisher: water jet.

6. Measure in case of accidental dispersion

Personal precautions: Be careful, it forms slippery surfaces.
Avoid skin and eyes contact.
Environmental precautions: do not pour the product into sewers and waterways.
Preserve the contaminated water and/or firefighting water.

Cleaning measure: Collect using absorbent material, such as earth or sand, and pour it into drums for storage.
Consult local regulations before disposal.

7. Handling and storage

Handling: Handling in accordance with good hygiene and safety practice.
Storage: Keep away from sun and frost.
Packaging: Do not leave open containers
Incompatible materials: Keep away from food

8. Personal protection/exposure control

General protective measures: Avoid skin and eyes contact.
Immediately remove contaminated clothing.
Wash contaminated clothing before reuse.
When handling do not eat or drink.
Hand protection: Use protective gloves.
Eyes protection: Wear eye protection.

9. Physical and chemical property

Aspect: semi-dense
Colour: green
PH: 6,5
Specific weight: 1,315 kg/l

10. Stability and reactivity

Conditions to avoid: Stable under normal conditions.
Do not freeze.

11. Toxicological information

Corrosivity/irritating power:
Eyes: direct contact might cause temporary irritation.
Skin: prolonged exposure, during use, can cause skin irritation.

12. Ecological information

Product residues should not be released into sewers and waterways.

13. Disposal

Recycle if possible. Operate according to current local and national requirements.

14. Transport information

Number UN: --
Railway/road RID/ADR: no dangerous good
Sea IMO/IMDG: no dangerous good
MAR/POL 73/78, annex III: no
Air transport (ICAO/IATA): no dangerous good

15. Regulations information

CE/99/45directive (Classification and Labeling):

The product is not dangerous for health under regulation 88/379/CEE and subsequent adjustments.

16. Further information
